

Auction Services

Arnolds
Chartered Surveyors

Arnolds offer a wide range of residential and commercial property services with the emphasis on professionalism and the quality of the service we provide.

Over many years we have conducted property auctions and are proud of our excellent success rate.

This is due to careful selection of appropriate properties (not all property is suitable for auction), a tailored marketing campaign which is aimed at concentrating competitive bidding for individual properties on the auction day itself. Offers prior to auction are encouraged and can be considered upon their merits and our auction staff will always be pleased to offer support and assistance to vendor clients and prospective purchasers alike.

Why Choose Arnolds

Our reputation is second to none for honesty and integrity and all valuations and market appraisals will be carried out by professional and experienced staff with extensive market knowledge.

We have unbeatable market coverage with newspaper and internet marketing programmes to ensure that all properties receive maximum exposure. Our extensive mailing lists add value and our connections with people of property are unbeatable.

As Chartered Surveyors we have a wider range of property skills than most, which may well be of benefit in marketing property by auction. We hope we may be able to assist you.

Personnel

Arnolds Auction Department is directed by David Richardson FRICS working closely with Craig Knights BSc MRICS, our Auction Manager and Commercial property specialist. Auction administrator Hiedi Collis provides excellent support and all properties are marketed not only through the Auction Department but through the Arnolds office network.

Enquiries

Please contact either David Richardson or Craig Knights if you wish to discuss the possibility of placing a property at auction ... we will be pleased to assist.
